

R3

Compact, Rapid-drying Carpet Cleaner

Go places you haven't gone before - with ReadySpace®

- Turn congested areas quickly; with patented ReadySpace technology carpet is clean, dry, and ready for use in less than 30 minutes
- Clean compact spaces easily with ultra-low profile, compact design
- Quietly clean with true OSHA recognized 69 dBA sound level

READY SPACE®

More than clean, it's ReadySpace.™

Carpets cleaned with ReadySpace technology are dry and ready for foot traffic in less than 30 minutes.

Fresher, healthier environments

ReadySpace helps reduce mold and bacteria growth and leaves cleaner, healthier spaces by using up to 80% less water to clean, and leaving up to 90% less water in the carpet.

Increase productivity in tight spaces

Clean with ease in tight, congested areas, such as office spaces, with near effortless forward and reverse cleaning action. The ultra-low profile design and Insta-Adjust™ handle extends your cleaning reach under low profile desks and tables.

Easy to fill and empty tanks

Easy to fill, empty, and clean Hygenic® lift-off tanks offer a unique compact design. Ergonomic handles and grips ensure easy pick up.

BEAUTIFULLY CLEAN, ALWAYS READY CARPET SPACES

Improve carpet appearance and luster with ReadySpace's exclusive soil transfer rollers that lift and remove the dirt vacuuming leaves behind. The results are exceptional:

- Keep high-traffic areas looking new with frequent cleanings.
- Reduce build up with less chemical to help prevent resoiling.
- Reduce risk of slip-and-fall when transitioning from just cleaned carpet to hard floor.
- Maximize carpet life. ReadySpace technology will not damage carpet (unlike bonneting).

FROM CLEAN TO CROWD IN MINUTES. Reopen spaces sooner with ReadySpace technology.

First Shift

6:30 AM – Cleaning crew finishes cleaning small office space with Tennant R3.

7:00 AM – Carpet is clean, dry, and ready for office traffic.

Check In

2:30 PM – Housekeeping finishes cleaning the hotel room with Tennant R3.

3:00 PM – Carpet is clean, dry, and ready for guest check in.

Store Open

8:30 AM – Mall maintenance finishes cleaning stores.

9:00 AM – Carpet is clean, dry, and ready for shoppers.

PATENTED READYSACE TECHNOLOGY

- Ⓐ Unique soil-transfer rollers are the basis for ReadySpace. When damp, these fabric rollers grab dirt from the carpet fibers and lift it into the machine.
- Ⓑ Inside, a sprayer rinses soil from the rollers, not the carpet.
- Ⓒ Two powerful individual vacuum shoes extract the dirty water into the recovery tank.

R3 CORD-ELECTRIC READYSACE

SPECIFICATIONS

Cleaning System

Cleaning path	15 in	380 mm
Solution tank	5 gal	19 L
Recovery tank	5 gal	19 L
Roller size (dual cylindrical)	15 in	380 mm
Roller speed	450 rpm	450 rpm
Roller motor (2)	0.3 hp	0.22 kW
