

#555

Industrial Lotion Skin Cleanser
with Aloe Vera

- ◆ Deep cleansing
- ◆ Non-drying
- ◆ Rich lather
- ◆ Solvent free
- ◆ Pleasant fragrance
- ◆ Contains skin conditioners

Added Advantages

- ◆ Washes away oil, grime
- ◆ Conditions skin with healing aloe vera

Wayne #555 is an industrial lotion skin cleanser blended of cosmetic grade synthetic cleansers formulated to provide a generous lather in hot or cold, hard or soft water. It is a rich, viscous lotion cleanser fortified with aloe vera to soften and remoisturize skin. Our #555 is pink pearlescent in color with a pleasant cherry/almond fragrance.

Wayne #555 is classified as a general purpose skin cleanser for light to medium soil conditions in all types of commercial and institutional applications. #555 gently, but effectively, removes stubborn dirt, grease and oils without solvents or abrasives. It is viscosity adjusted to use with industrial gravity feed dispensers.
