

Correct 18

High Performance Floor Finish

Dependability and durability

Correct 18 is made from new generation linear copolymers that demonstrate excellent adhesion and outstanding durability. Tough, flexible and detergent resistant, Correct 18 stands up to heavy traffic, resists powdering and film deterioration and withstands frequent mopping without dulling or hazing. Field tested under a full spectrum of working conditions in schools, retail stores, health care and food service applications, Correct 18 is a reliable performer that is guaranteed to satisfy.

Easy to use

Correct 18 is the most user friendly floor finish you'll ever use. It flows evenly from the applicator, levels in seconds and dries in minutes to a lustrous gloss. Subsequent coats apply smoothly without mop drag, pulling, streaking or clouding.

Minimum maintenance

Correct 18 is the ideal choice for no buff floor programs. It dries to a high initial gloss without buffing. It resists surface scuffs, black heel marks and soil penetration to extend periods between maintenance. And, when service is finally required, Correct 18 repairs easily with spray buff or clean and recoat procedures.

- ✓ Easy application
- ✓ Deep rich shine
- ✓ Extended wear
- ✓ Detergent resistant
- ✓ Minimum maintenance
