

SUPER DET 400

All Purpose Deodorant Cleaner

SUPERIOR PERFORMANCE

Super Det 400 is a versatile and economical all purpose detergent designed to lift dirt from the surface by gentle, chemical emulsification. A unique complexed surfactant system actually separates oily soil from work surfaces and suspends it in solution for fast and complete removal. Under normal soil load, emulsification is so complete, suspension so perfect, that no rinsing is required.

BROAD RANGE DEODORANT

Sometimes "clean" just isn't enough. Sometimes "dirty" smells bad too. Super Det 400 conquers odors while it cleans ... without expensive deodorant additives. Super Det 400 contains PEG-2, a powerful malodor counter-actant and anti-static agent, that eliminates odors caused by urine, feces, vomit, mold and mildew. Even mops, buckets and applicators lose their musty odor. A refreshing, lingering, spring-green fragrance is the only clue that areas have been treated with Super Det 400.

VERSATILE & SAFE

Cleaning closets bulging? Inventory costs high? Out of storage space? Tired of training new employees how to use a dozen or so different cleaners? Super Det 400 is your answer. Formulated without caustic, free alkali, solvents or soap, Super Det 400 is safe for virtually any washable surface. It is recommended for cleaning viny, rubber, asphalt, linoleum, ter-razzo, marble and slate floors, painted walls and baseboards, vinyl and leather upholstery, laminated counter tops, fiberglass, and other surfaces too numerous to list. Try it on all of your cleaning tasks. You'll be surprised how many products you can do without.

HONEST VALUE

Super Det 400 delivers economy that counts ... after **all** costs are calculated. One gallon of highly concentrated Super Det 400 yields 50 to 100 gallons of hard working, labor saving, odor killing, safe, usable cleaning solution. Compare actual costs and you'll agree. Super Det 400 is your best detergent value.

Product# J114001 1-Gallon

One Product ...Many Uses

DIRECTIONS FOR USE

1. Dilute Super Det 400 according to dilution table below. For maximum economy, start with lighter dilutions and increase concentration only when required.
2. Apply diluted product with sprayer, sponge, mop, pressure washer or other suitable applicator to surface to be cleaned.
3. Allow solution to stand for a minute or two while Super Det 400 floats the dirt from the surface. Wipe, squeegee, mop or vacuum solution from surface.

DILUTION TABLE

1. Use the indicated amount of Super Det 400 to yield 1 gallon of cleaning/deodorizing solution. End dilution ratio is shown in parenthesis.

SURFACE TO BE CLEANED	SOIL CONDITION		
	Light	Medium	Heavy
Aluminum, Stainless Steel	1 oz. (1:128)	2 oz. (1:64)	4 oz. (1:30)
Linoleum and Vinyl Tile	1 oz. (1:128)	2 oz. (1:64)	4 oz. (1:30)
Ceramic & Porcelain Tile	1 oz. (1:128)	2 oz. (1:64)	4 oz. (1:30)
Finished Wood	2 oz. (1:64)	4 oz. (1:30)	6 oz. (1:20)
Glass (Brush & Squeegee)	1/2 oz. (1:256)	1 oz. (1:128)	-----
Leather, Plastic	2 oz. (1:64)	3 oz. (1:40)	4 oz. (1:30)
Marble, Terrazzo	2 oz. (1:64)	3 oz. (1:40)	4 oz. (1:30)
Office Equipment (Exteriors)	2 oz. (1:64)	3 oz. (1:40)	4 oz. (1:30)
Painted Walls	3 oz. (1:40)	4 oz. (1:30)	6 oz. (1:20)
Vinyl Siding	4 oz. (1:30)	6 oz. (1:20)	10 oz. (1:12)
Window Blinds	2 oz. (1:64)	3 oz. (1:40)	4 oz. (1:30)

PRODUCT DESCRIPTION

A blue, non-viscous liquid with a pleasant mild fragrance. Chemically, a blend of chelating agents, inorganic builders, corrosion inhibitor, cationic and non-ionic surfactant and a PEG-2 based deodorant.

PRODUCT SAFETY DATA
