

EMX-2

SOLVENT BASE WATER RINSABLE DEGREASER

The solve more solvent

Convenient, Ready-to-Use Formula

Eliminates measuring and mixing mistakes. Just the right strength every time.

Safe

Non-caustic and noncorrosive. Harmless to painted surfaces, rubber and plastic coatings.
wire

Pleasant to Use

Deodorized formula minimizes unpleasant fumes during application and eliminates residual solvent smell.

Fast Cleaning

Wayne EMX-2 is a blend of selected solvents, degreasers and emulsifiers that effectively penetrate and lift grease, cosmoline, grime and oil with no brushing or scrubbing.

Free Rinsing

When flushed with water, EMX-2 forms a stable white emulsion that rinses easily and completely from the surface without film or residue.

Versatile

Wayne EMX-2 is the ideal cleaner/degreaser for automobile engines, machinery, lawn and garden equipment, parts and concrete floors. It is also recommended as a safe solvent for the removal of tar, cosmoline and rustproofing mist from automotive finish.

Economical

High efficiency cleaning, no mess-no fuss application and low initial cost make Wayne EMX-2 a real value for today's cost conscious buyer.
