

Lem-N-Aid

Water Soluble Nonflammable Malodor Counteractant

- ◆ Broad range effectiveness
- ◆ Clean lingering fragrance
- ◆ Controls & neutralizes odors at their source

BIG LEMON FRAGRANCE

Full bodied concentrate delivers a kick of bright lemon aroma that freshens and deodorizes during the cleaning operation ... and after.

NEUTRALIZES MAL-ODORS

Chemical neutralizers erase the source of foul odors caused by human or animal waste, body odors, organic decomposition of food or vegetation matter, cooking odors and putrefication.

VERSATILE

Lem-N-Aid can be used alone at 1 or 2 ounces per gallon as a damp mop/deodorizing solution. It is compatible with most carpet extraction detergents and may be added at a ration of 1 ounce per gallon of mixed solution. Diluted with four parts water, it is an effective, low cost replacement for aerosol room fresheners when applied with a trigger sprayer.

HIGHLY CONCENTRATED

Lem-N-Aid is a true concentrate containing higher levels of selected essential oils, fragrance stabilizers and odor neutralizers than competitive products. Compare Lem-N-Aid to other commercial deodorizers at a 1 ounce per gallon dilution and treat your nose to a pleasant surprise.
