

Oxy-IT

Glass & Hard Surface Cleaner

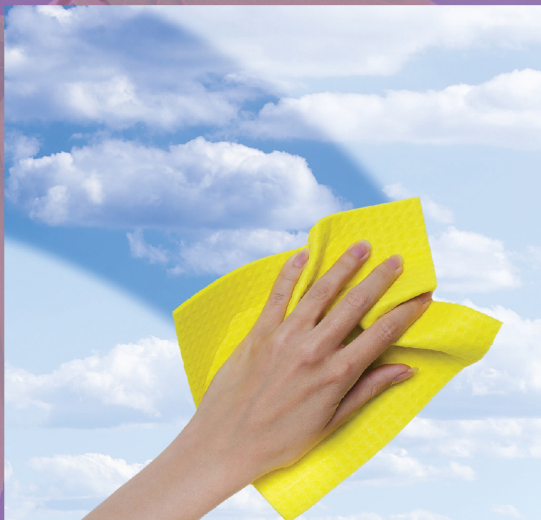

HIGHLIGHTS

- Made with 1% active, stabilized hydrogen peroxide — 2-3 times more than most RTU spray cleaners or diluted concentrates.
 - Faster, better removal of stains
 - Brighter grout
 - More active odor neutralization
- Blended, biodegradable surfactants, solvents and alcohol speeds up cleaning with streak-free results
- Formulated for residue-free cleaning of glass, mirrors and hard surfaces

POWER by
PEROXIDE

HMIS: H-1; F-0; R-0; P-B

Formulated for **STREAK-FREE** Glass Cleaning

Oxy-IT:

OXYGENATED GLASS & HARD SURFACE CLEANER

- "IT" wipes clean ... no film, fog or streaks.
- "IT" is peroxide-based with a fresh, lingering fragrance.
- "IT" neutralizes odors from sulfur, ammonias and compounds which produce malodors from fecal matter, urine and perspiration.
- "IT" can be used on any water-safe hard surface including glass, mirrors, showcases, counters, sinks, and modesty panels. Safe on fiberglass, glass, porcelain, ceramic, grout and enameled surfaces.

FOAMER SPRAY NOZZLE

Flip open for either mist or direct spray. Close for foaming spray.

Foamer spray clings to vertical surfaces.

The dual sprayer delivers a choice of application. A stream spray is delivered when the flip-screen is open and a rich foam spray when it is closed. The foam is dense, thus allowing for maximum cling on vertical surfaces as well as extended dwell time.
