

Metered Aerosol System

Our metered aerosol system is built on a full featured, easy to use, reliable programmable dispenser that has a proven record of dependability in thousands of installations. It's features include LED warning lights that clearly indicate when either the deodorizer needs replacing or the batteries are getting low, a three position interval setting option, an optional keyless lock system and easy access to compartments for easy servicing.

Areas of Use:

Great for use in restrooms, offices, hotel rooms, schools, storage areas, meeting rooms, hospitality, country clubs, and food service.

This dry formula air freshener system eliminates messy fall-out on counters and floors, eliminates smoke and other malodors with time interval spray, effective in areas up to 6,000 cubic feet and is V.O.C. compliant. Each can contains more than 3,000 metered releases, length of time varies depending on dispenser setting.
