

24-7 Full Time Deodorant

Works all day ... Every day!

Some odors come and go ... some seem to last forever. Aerosol sprays and liquid deodorants provide effective temporary relief from many mal-odors ... if they can be applied directly to the source and if the source isn't constantly renewed.

Some areas, like locker rooms, laundries, waste disposal plants, dumpster rooms and heavily used public restrooms require all day treatment. For those areas Wayne offers 24-7 Full Time Deodorant.

24-7 is a chemically inert, composition membrane block saturated with pure fragrance oils. Placed in a furnace plenum, air duct or fan deodorant cabinet, a single 2¼" square block will deodorize 1,000 cubic feet for three to four weeks.

Best of all, 24-7 works for just pennies a day. Simple, effective and economical. Just the sort of solution you've been looking for.

Use in: Locker rooms
Dumpsters rooms
Soiled linen storage
Laundries
Restrooms
Fire restoration

Packed: 6 blocks per package
