

Wayne **BAC OFF** is a gentle, waterless instant foam hand cleaner formulated without alcohol that can remove the skin's natural protective oils. **BAC OFF** offers the performance, mildness and safety you want at a fraction of the cost of competitive products. One gallon of **BAC OFF** will provide as many applications as three gallons of liquid hand cleaner, saving you money.

Gentle to the skin ... Alcohol free

BAC OFF Waterless Instant Foam Hand Cleaner is made for cases where typical hand washing isn't practical. You simply pump a small amount of foam into your palm, rub thoroughly over all surfaces of both hands, and rub your hands together briskly until dry. **BAC OFF** doesn't need to be rinsed off. It can be used regularly without causing dryness or irritation.

Reduces cross infection

Washing hands for at least 20 seconds is essential, especially after using the restroom, before eating, and after coughing, sneezing or blowing one's nose. Unfortunately there isn't always water and hand soaps conveniently located nearby.

Foam Generating Dispensers

Refillable wall mounted dispensers. Large 1,000 ml capacity. Holds enough **BAC OFF** for over 1,250 applications without refilling. Produces a rich luxurious foam. See through reservoir for easy inspection. Durable construction.
