

#555

Industrial Lotion Skin Cleanser with Aloe Vera

A blend of cosmetic grade synthetic cleansers formulated to generate generous suds in hot or cold, soft or hard water.

#555 gently but effectively removes stubborn dirt, grease and oils without solvents or abrasives. It contains rich emollients and genuine aloe vera extract to smooth and soften skin.

#555 is a general purpose product designed for light to medium industrial applications. Pink pearlescent color with a pleasant cherry/almond fragrance.

#555 is viscosity adjusted to use with industrial gravity feed dispensers.

Packed 1 Gallon jug, 4 per case, and 55 gallon drum.
