Product #
J11DD1
1-Gallon

CAUTION

Danger: For industrial and institutional use only. Contains phosphoric acid. Harmful if swallowed. Produces chemical burns. Avoid contact with skin, eyes, mucous membranes and clothing.

Effective ... Dissolves lime carbonates, mineral deposits, oxidation, corrosion, rust, detergent and soap scum.

Versatile ... Used on aluminum, copper, ceramic, chrome, fiberglass, quarry tile and stainless steel.

Fast Acting ... Powerful synergistic blend of mild acids, penetrants and wetting agents. Goes to work instantly, on contact ... without hand scrubbing

Concentrated ... May be diluted with up to 60 parts water for light cleaning. Delivers unmatched economy in use.

Safe ... Contains no harsh muriatic or hydrochloric acids. May be used full strength on most surfaces for heavy accumulations.

Pleasant ... Non-fuming, almost odorless in use dilution.
