

# Skim

## Pre-coat Cleaner and Conditioner

- ◆ Adds years to stripping cycle
- ◆ Saves time and labor
- ◆ Reduces finish consumption
- ◆ Cuts downtime

Skim is a concentrated, low foam cleaner formulated to remove scarred, discolored top layers of finish without attacking undamaged base coats. By deep cleaning prior to re-coating, floors can be restored to a clear, brilliant appearance without the labor and expense of a full strip out. Fewer coats of finish are required to rebuild gloss, resulting in significant reductions in chemical and labor expense. Skim is a fast acting, easy to use and requires no neutralization prior to recoating.

Product# J12SRC1 1-gallon

Apply Skim

Scrub and then pickup Skim

Dry buff floor,  
then recoat
