STAINLESS STEEL TOWELS

DESCRIPTION

A multi-purpose, pre-moistened metal polishing and protecting wipe. The abrasive side helps remove rust and oxidation while the smooth side polishes the metal surface to a brilliant luster.

FEATURES AND BENEFITS

These two-sided towels clean, polish and protect any stainless steel surface. In one easy application, you'll be left with a brilliant streak-free shine!

APPLICATIONS AND USES

Use on all metal surfaces. Extremely useful in construction, transportation, utility maintenance, marine, oil drilling fields, maintenance vehicle repair, machining operating areas, airports, and warehouses.

DIRECTIONS

1. Remove lid by lifting upward.
2. Pull wipe from center of the roll and thread through "X" on the underside of the lid.
3. Close lid. Pull wipe at 90° angle.
4. Snap hinged cap back into place to ensure wipes stay moist.
